

# How To Determine The Age of Your Perazzi

All Italian shotguns are stamped with the year of proofing by the Italian Proof House.

If you take your barrels and turn them upside down you will see a number of stampings on the underside of the monobloc (refer picture).

These stampings include the Serial number, Gardone ITA Proof House mark, Superior proof mark for smokeless powder, Steel proof mark and a 2 letter code in a box that denotes the year of proof.
